

2-Way Radio Callbox

Narrowband Analog

Put Communication Right Where You Need It!

Install the Q Series radio callbox virtually anywhere to maximize manpower efficiency, improve safety or service response times. Deploys easily — no wires, no trenching, no construction required. Can be used stand-alone using alkaline batteries* or can be powered using external AC adapter.

The Q Series callbox provides long range, 2-way communication and allows staff and visitors to communicate with your 2-way radio-equipped personnel from points near and far, — the plant floor, maintenance garage, gated areas, delivery dock or the 9th tee .

Features / Benefits:

- Wireless, 2-Way, Push-To-Talk Narrowband Analog Technology
No Costly Trenching or Construction Costs To Install
- High Performance/Features, Business Band Frequencies
Long Range — Up to 1 Mile,** Line-Of-Sight. Works With Any Other Analog Business Band 2-Way Radio
- Rugged, High-Impact Gasket Sealed Enclosure
Durable, Sealed and Weatherproof For Outdoor Use
- Internal Antenna, Tough, Machined Aluminum PTT Button
Long-Life, Tamper and Vandal-Resistant
- Battery * Powered or External Power Capable
Stand-Alone Operation. No Wires. Or Opt. External Powered for Always-On Operation
*For optimal performance in battery only applications, Auto Turn-Off should be Enabled.
- High-Audio Output, High-Gain Mic Capability
Adjustable Volume - Loud, Easy To Hear In Loud Environments
- User Adjustable Settings and PC Programmable
Allows Easy, In-The-Field Programming or via PC
- Built-In Relay Control (7 series models only)
Allows Long-Range, Remote Control Of Gates Or Doors
- Standard Flange Mount Hole Pattern
Easy Installation. Optional Mounting Brackets Available
- Available In Different Colors
Pick The Color Best Suited To Meet Your Need:
 - High Visibility Green and Coal Black
 - Custom Colors Available For Volume Applications

Applications...Schools and Day Care Manufacturing and Construction -Health Care Facilities Golf Courses Gate Secured Areas Amusement Parks and Resorts

Models	Description	TX Pwr Using 3 D-Cells	TX Pwr Using Ext 12VDC Pwr	(7 Series) Includes Built-In Relay, Stored-Voice Msg, Switch Inputs
MURS	MURS VHF, Part 95 License-Free	800mW	2 Watts	No
VHF/UHF	(1)VHF 150-165MHz or (4)UHF 450-470MHz(V)800mW, (U)700mW Part 90 Licensed		2 Watts	No
<p>No. of RF Channels: 1</p> <p>Companded Audio: On / Off – Field programmable or via PC</p> <p>Signaling: CTCSS & DCS Encode/Decode, DTMF Encode/Decode, SelCal Encode/Decode, 2-Tone Decode Only</p> <p>Dimensions: 7" H x 5" W x 3" D</p> <p>Weight: 2.75 lbs</p> <p>Enclosure Material: Gasket Sealed, High-Impact Polycarbonate</p> <p>Colors: Black or High-Viz Green</p> <p>Environmental: Splash resistant, shock and vibration per Ritron test</p> <p>Operating Temperature: -20°C to +55°C (-4°F to 131°F) Note: Alkaline battery* capacity rating at 0°C is < 50% of rated pwr. Range will decrease at low temperatures when operating on alkaline batteries.</p> <p>Programming: Field programming capability of limited parameters. Full programming capability using internal USB Connector used for full PC Programming.</p> <p>Remote Control Relay: (Gate Relay Series) Can be used to remotely control gates, doors or strobe light. Relay switch is controlled when callbox receives the pre-programmed selective signaling command code. SPDT, 3A, 125VAC/30VDC – Normal Open or Normal Closed. Modes of Operation: Momentary or Toggle, On/Off.</p> <p>Aux Sensor Monitoring Input: (Gate Relay Series) Optional sensors used to detect motion, gate movement, vandal/tamper or vehicle presence can be connected to the callbox using the sensor input. Sensor input responds to an Open or Closed switch. Callbox will send either an alarm tone or a recordable voice message when optional switch/sensor detects a change. Can also be programmed to automatically turn callbox ON and transmits recordable voice message or alarm tone to radios monitoring callbox activity.</p> <p>Adjustable Speaker Volume: Adjustable 1 to 100%</p> <p>Automatic Turn-Off Feature*: Conserves batteries. Selectable turn-off times will automatically turn callbox off after a set period of inactivity on the radio channel.</p> <p>Listen-In Feature: Callbox can be selectively paged to allow remote monitoring of audio in the vicinity of the callbox.</p> <p>Busy Channel TX Inhibit: Prevents Callbox from transmitting if someone else is using the radio channel</p> <p><u>Recordable Voice Messages (Gate Relay Series only)</u></p> <ol style="list-style-type: none"> 1. Greeting Message: 12 sec length max, for benefit of visitor, plays only on the callbox speaker when the On/PTT button is 1st pressed. 2. Send Call Alert Message: 4 sec length max, transmitted to radios monitoring callbox activity when On/PTT button is 1st pressed. 3. Send Sensor ON Message: 4 sec length max, transmitted to radios monitoring callbox activity when the Sensor Input goes low. 4. Send Sensor OFF Message: 4 sec length max, transmitted to radios monitoring callbox activity when the Sensor Input goes high. 5. Send Low Battery Message: 4 sec length max, transmitted to radios monitoring callbox activity when low battery is detected. 6. Send Power Fail Message: 4 sec length max, transmitted to radios monitoring callbox activity when loss of External 12 VDC is detected. <p>Automatic Voice Message "Re-Send": When Alert message from Callbox is not immediately answered, Alert message will automatically be "re-sent" up to 5 times. Selectable 0-5 times.</p> <p><u>Battery Life***</u></p> <p>3 D-Cell Batteries: Alkaline (Recommends Duracell brand cells), also rechargeable, low self discharge (LSD) NiMH batteries may be optimal for heavy usage applications where battery only operation is the only option. to determine best option.</p> <p>Number of Transmissions: 7,000 based on duty cycle stated below</p> <p>Duty Cycle: 3 seconds receive, 3 seconds transmit, 10 seconds standby</p> <p>* For optimal performance in battery only applications, Auto Turn-Off should be Enabled. ** Actual range may be reduced by man-made obstructions, foliage, or terrain. *** Each callbox application is unique.</p>
